Development Proposals:

The development proposals were recently submitted to Belfast City Council under Planning Application Reference Number **LA04/2021/2544/F**. We anticipate construction will commence on site April 2022 [subject to planning] and estimate the properties will be completed on a phased basis by Spring 2024. Radius intends to purchase the properties upon completion from the developer, Newpark Developments (NW) Ltd, providing 47 new homes to meet the growing need for social housing in South Belfast.
